

## MASIRAH OIL LTD - PRESS RELEASE

### UPDATE ON YUMNA FIELD

**Muscat, 21 July 2022:** Masirah Oil Limited (“**MOL**”) would like to provide an update on the Yumna Field.

All equipment and systems for the replacement of the flow line had been in place on the supply vessel and ready to be deployed for the past week. However, inclement monsoon weather with strong waves of 3 to 4.5 metres high is preventing safe replacement of the flow line. MOL is waiting for a window of up to 48 hours of calm weather, when waves are less than 2 to 2.5 metres high, to proceed with the flow line replacement.

A further announcement will be made when production resumes in the Yumna Field.

MOL is the Operator and holds a 100 per cent interest in Block 50 Oman.
